Subject: AUTHORIZATION FOR EMERGENCY RESPONSE VEHICLES TO BYPASS WEIGH STATION FACILITIES IN RESPONSE TO HURRICANE IDA

Effective immediately, emergency response vehicles such as, but not limited to, utility vehicles, bucket trucks, and electric utility supply trucks responding to Hurricane Ida are authorized to bypass all FDOT weigh station facilities through September 3, 2021. This authorization does not include vehicles that require permits to operate on Florida's roadways. This authorization does not relieve size and weight restrictions. This bypass letter only applies to weigh stations and to vehicles traveling in convoy.
